

PHENIX JET

# SERVICES

---

Phenix Jet is an elite business aviation services company with global reach and clients that demand the utmost premium service and focused dedication that have made themselves successful.

## AIRCRAFT MANAGEMENT

Phenix Jet strives to deliver peace of mind for our clients in aircraft management. We offer this through sophisticated solutions for an ever-growing complex environment whilst delivering a seamless and personalised service.

## AIRCRAFT CHARTER

With our world-wide charter capability, we tailor every aspect of your journey to your desire. Flying with Phenix Jet is a unique and highly satisfying personal aviation experience.

## AIRCRAFT MAINTENANCE

Phenix Jet has the experience and expertise to keep your aircraft flying, maintaining flexibility to meet your demanding schedule. With our strategic network of support in Asia, including the first Tokyo dedicated business aviation hangar, we maintain your aircraft and your peace of mind.

# SAFETY

---

## HIGHEST SAFETY STANDARDS

Phenix Jet is the only few operators that has successfully obtained multiple world-class safety business jet operation certifications: IS-BAO Stage 3, ARGUS Platinum, Wyvern Wingman Safety and recognised by Air Charter Safety Foundation.

Our entire team is focused on ensuring the safest possible operation of all our aircraft driven by an internationally audited and validated Safety Management System (SMS) that encompasses all of our operations, no matter where in the world our aircraft fly.

# PRIVACY & SECURITY

---

Phenix Jet assures its clients of the highest standards of privacy and security, customized to each client's specific needs. Our extensive experience is demanded by our most valued international clientele.

# COMFORTABILITY

---

Phenix Jet maintains a modern fleet of the most comfortable and technologically advanced aircraft in the world. Our luxurious fleet is equipped with Wifi allowing you to maintain the highest levels of productivity while sustaining you in a state of unprecedented comfort.

Our high standard hygiene cabin safeguards the health of all passengers and crews at all time and at any destination.

# FLEXIBILITY

---

Phenix Jet gives you the flexibility to efficiently travel between international cities making the most of your precious time. You can even plan to places where no commercial airlines operate, planning on your schedule and your special circumstances. With Phenix Jet, you control your time and your world.

# CHARTER FLEET

---

Phenix Jet provides 24/7 charter flight services with a diversified portfolio of ultra long range aircraft types to cater your unique service requirement for each flight.
